Ursula Le Guin's *Always Coming Home* is a major work of the imagination from one of America's most respected writers of science fiction. More than five years in the making, it is a novel unlike any other. A rich and complex interweaving of story and fable, poem, artwork, and music, it totally immerses the reader in the culture of the Kesh, a peaceful people of the far future who inhabit a place called the Valley on the Northern Pacific Coast.
