Anne Taintor's combination of classic '40s and '50s images with sharp, modern wit make for the perfect birthday book and postcards for sassy females of any age. Her work is very recognizable and already hot in specialty boutiques nationwide. Another Day in Paradise: Following the success of Anne Taintor's I Feel A Sin Coming On, comes her witty postcards on domestic life - Just Another Day in Paradise. It pairs with the book, I'm Becoming My Mother (S04).
