It's the story Hollywood has glamorized, publicized, and bombarded us with--how it all began for the two young men, now famous for their on-again-off-again romances and their big-budget smashes and flops.It Started with a script for Good Will Hunting , slaved over by the bright young dreamers (portrayed in this play's premiere by the female playwrights) in their run-down apartment in 1996. Or was it? This hilarious, scathing play takes us back to the pivotal moment when the finished script that would change their lives...fell from the ceiling while they were working on something else. The laughs come at a manic pace in this delightfully venomous play that has taken off Broadway by storm.
