著者:Katherine Ramsland

出版者:Writer's Digest Books

出版时间:2002-06

装帧:Paperback

isbn:9781582970790

This book corrects common media misconceptions about the nature of the criminal psyche in order to help writers create more credible and convincing characters. The Criminal Mind examines the fundamentals of psychology and law, theories of criminality, and character disorders that can lead to criminal behavior. Writers will learn how criminals think and how forensic psychology is used to catch them.

Katherine Ramsland also explores the legal process, including psychological evaluations, lie detection, insanity pleas and the treatment of criminals and victims.
