THE ORIGINALS follows two best friends, Lel and Bok, as they join the ultimate in-crowd: a glamorous street gang called The Originals. Through them, they enter an exhilarating world of hover scooters, domeshaped nightclubs and only the best in mind-expanding drugs. For Lel especially, it leads to the girl of his dreams and increasingly brutal conflicts with a rival gang that might mean the end for them all. Written and stunningly illustrated by the co-creator of WATCHMEN, THE ORIGINALS captures rebellious youth in all its rush and fatal consequence, chronicling a time when your priorities are what you wear, what you drive and who you date; when perhaps the only thing more important than who your friends are is who your friends hate.

书评

今天刚在Adelaide City Council的 Library里办了借书证 希望练练英语 就找来本漫画 Dave Gibbons画的 貌似有点名 但这个故事实在太简单了 收获就是学会了几个很简单但却从没用过的单词: wanker lid gut telling-off prat pier

prance berserk lad queer dodge 还有fucking的...
