装帧:Paperback

isbn:9780521022101

Drawing on a historicist perspective, this book explores the development of Durkheim's social realism and argues that it was less a sociological method than a way of speaking and thinking about social phenomena. Using for the first time the newly-discovered lecture notes from Durkheim's philosophy class of 1883-4, Professor Jones explores the significance of German social science in Durkheim's thought. The Development of Durkheim's Social Realism will be of immense value to graduate students and scholars in sociology, social theory, social and political philosophy and the history of ideas.
