Here's a book about a problem EVERY parent can relate to -- and one that's right on the money. In a simple, beguiling way Elivia Savadier captures the trials and tribulations leading up to a child's first haircut. The reader is first introduced to Dominic's hair -- some of it curly, some straight, but no matter what shape it's in, Dominic has no intention of having it cut. His mother is beside herself but when Dominic sees that she's upset, a change of heart may be in the offing....

书评

大人的世界、孩子的世界，永远只是两个独立的空间吗？
只要我们愿意，其实我们随时可以将自己融入孩子天真无邪的世界当中。像书里的妈妈那样，开始的时候为孩子不愿意理发而苦恼，结束的时候让自己温柔的与孩子统一战线，对他说：“No haircut today.”
