著者:Gayle Backstrom

出版者:Taylor Pub

出版时间:1995-06

装帧:Paperback

isbn:9780878338917

This new revised edition tells sufferers everything they need to know about fibromyalgia (FM), but can't find anywhere else. It will assist and educate the layperson in recognizing and treating FM--what it is, how to detect it, and whom to consult about it, all in simple, straightforward language. The authors cover the gamut of exercise, diet, drugs, and emotional considerations.
