THOMAS WISDOM HAS A GREAT LIFE.

He's popular at school. He gets good grades. He lives in a nice home. His parents are caring, wise, and supportive. His life is perfect. Almost too perfect.

When Thomas opens a secret file on his father's computer, he discovers that in his perfect world, nothing is what it seems -- not even himself. The truth -- if he is brave enough to face it -- can be found only in the place they call "The Angel Factory."

Terence Blacker's new novel is a mesmerizing story of good and evil, of trust and betrayal, of free will and control -- and of a boy who holds the destiny of humanity in his hands.

Card catalog description

Spurred on by his best friend, twelve-year-old Thomas uncovers two major family secrets: that he was adopted, and that his perfect-seeming family is part of an other-worldly organization.
