Every heart-pounding moment of Dr Rosier's legal ordeal is vividly captured by famed trial attorney Stanley M Rosenblatt, who, together with his wife and law partner Susan, represented the accused. Describing an intriguing array of legal twists and turns, this riveting book is more than just gripping courtroom drama. Find out why Patricia's father and brothers sought immunity before they would testify. Feel the rush of tension in planning defence strategy: how could anyone explain away Dr. Rosier's confessions? Could the Fort Myers judge be persuaded to change the location of the trial? Should Peter Rosier testify in his own defence? The powerful arguments of the State and the defence are laced with ridicule, sarcasm, and scorn - each side accusing the other of treacherous character assassination.
