Get ready to go from digital picture taker to digital photographer! "Mastering Digital Photography, Second Edition" shows you how to take your digital photography to the next level using the simple tools and techniques that separate the amateurs from the pros. Achieve pixel proficiency as you learn what your digital camera's controls mean to your photographs as well as the creative techniques that allow you to capture the ideal image digitally. Discover both the technical side of digital photography - why so many options, features, and formats exist and how to use them to improve your pictures - as well as the professional techniques that anyone can use to take better action photos, portraits, scenic shots, close-ups, and more. "Mastering Digital Photography, Second Edition" gives you everything you need to take professional-quality photographs with your digital camera.

废话颇多，不少原理讲解的并不透彻。不过整体上还是值得一看。
