A mind-bending supernatural thriller from the creators of This Present Darkness and Showdown.</p>

Frank Peretti and Ted Dekker - two of the most acclaimed writers of supernatural thrillers - have joined forces for the first time to craft a story unlike any you've ever read. Enter House - where you'll find yourself thrown into a killer's deadly game in which the only way to win is to lose...and the only way out is in.</p>

The stakes of the game become clear when a tin can is tossed into the house with rules scrawled on it. Rules that only a madman - or worse - could have written. Rules that make no sense yet must be followed.</p>

One game. Seven players. Three rules. Game ends at dawn.</p>
