MANKIND HAS HAD 12,000 YEARS TO DECIPHER THE MESSAGE,
WE HAVE ONE WEEK LEFT....

There is a signal emanating from deep within the ice of Antarctica. Atlantis has awoken. Ancient monuments all over the world from the Pyramids of Giza, to Mexico to the ancient sites of China are reacting...to a brewing crisis not of this earth, but somewhere out in the solar system. Connecting to each other through the oceans. Using low frequency sound waves to create an ancient network. The earth is thrown into panic stations. For it seems that the signals emanating from Atlantis are a prelude to something much greater. Could it be that the entire city is in fact one giant ancient machine? And to what end? For what purpose?

It is the year 2012, the same year Mayan belief prophesised the end of the world. Two armies, American and Chinese stand on the brink of war for the control of the most potent force ever known to man. The secrets of Atlantis. Secrets which are encoded in crystal shards retrieved from the sunken city. Secrets which Mankind has had twelve thousand years to decipher...but which will now destroy it within one week.
