Book Description

William Collins' dream of knowledge for all began with the publication of his first book in 1819. As self-educated mill worker, he not only enriched millions of lives, but also founded a flourishing publishing house. Today, staying true to this spirit, Collins books are packed with inspiration, innovation, and practical expertise. They place you at the centre of a world of possibility and give you exactly what you need to explore it.

Language is the key to this exploration, and at the heart of Collins Dictionaries is language as it is really used. New words, phrases, and meanings spring up every day, and all of them are captured and analysed by the Collins Word Web. Constantly updated, and with over 2.5 billion entries, this living language resource is unique to our dictionaries.

Words are tools for life. And a Collins Dictionary makes them work for you.

From Cover Back

Give yourself a head start

- * Get it right- find all the words and meanings you need
- * Have confidence - help with spelling and confusable words
- * Boost your language - find out more about grammar and usage
- * Get there fast - clear layout makes finding words easy

Ideal for school use.
