In this compelling book, well-known social psychologist David G. Myers asks why in an era of great material wealth America suffers from such a disturbing array of social problems that reflect a deep spiritual poverty. Examining the research on social ills from the 1960s through the 1990s, Myers concludes that materialism and radical individualism have cost us dearly. He offers positive, well-reasoned advice on how to spark social renewal and dream a new American dream.

物质繁荣主要靠着立宪法那几个家伙 靠着两次世界大战的契机 一把富了起来
精神空虚是不可避免的 缺乏文化积淀 相比我们的唐诗宋词元曲明清小说
还有各地名小吃 以及每个小吃背后一个骗人的故事……
