This program will help you and your family to:

- * Develop a family mission statement that will help you strengthen family bonds in your own family, your extended family, or as a single parent.
- * Develop more patience, the capacity to solve problems proactively, and the ability to have fun.
- * Strengthen your children and family members in a turbulent world.
- * Develop self-discipline in your children rather than use punishment.
- * Unite around a common sense of purpose and mission.
- * Eliminate ineffective family habits and develop a nurturing home environment.
- * Transform family life from a desperate day-to-day miserable grind to a family life rich with meaningful relationships.
