isbn:9780750652308

Full coverage of the core units of the new Higher National Certificate / Higher National Diploma in Computing from Edexcel.

Written specifically to cover the latest syllabus requirements

Encourages independent study

Clear and straightforward text

Knowledge-check questions and activities throughout

Answers to numerical problems included

Higher National Computing is the only course book written specifically to cover the compulsory core units of the new BTEC Higher National scheme in Computing, including the four core units for HNC and the two additional core units required at HND.

Students following the Computing HNC/D will find this book essential reading, as it covers all the material they will be following through the duration of their course.

Like the syllabus itself, this book is ideal for students progressing to HNC/HND from GNVQs, as well as A-level and BTEC National. The coverage has been designed to cover the requirements of General Computing, Software Engineering and Business IT students.

All core units for the HNC/D in one volume

Student-centred approach ideal for courses with an element of independent study

Answers to numerical problems provided
