Expanded from an earlier catalogue of the same title, Still Time accompanied a traveling exhibition featuring more than twenty years of Sally Mann's photography. Still Time celebrates an artist whose acute perceptions and imagination embrace not only the photographs of children for which she is renowned, but also earlier landscapes, and the unexpected, compelling forays into color and abstract photography. The sixty images include abstract platinum prints, Cibachromes and Polaroids, landscapes, portraits of women and twelve-year-olds, and her celebrated family pictures. Paperback, 11 x 9.5 in./80 pgs

震撼，杂乱，美丽，绽放。

Sally Mann的影调和视角都具有女性特有的温柔。但这本不是她最好的摄影画册。

横版。合辑。人像。风景。Polaroid。局部。构图。眼。最后三部分(每部分都很薄)有关孩子和家庭，满分。作为画册整体弱了些。
