Book Description

Wild Weather

Feel the full force of wild weather with Warren Faidley, the world's first professional storm chaser

- * Read Warren Faidley's amazing story and discover what it is like to track down a tornado.
- * Open the panoramic fold-out pages to see the dramatic effects of a drought
- * Turn the incredible transparent pages to reveal what happens when lighting strikes
- * Peer into the heart of a storm and turn the tabs as you explore nature at its most extreme.
