isbn:9780312312190

In the past decade, coffee roasting has gone from a fringe trend of true believers to an increasingly mainstream audience. Long considered the bible of the home-roasting movement, Home Coffee Roasting has been completely revised throughout with new, up-to-date sections on the latest developments in home-roasting equipment and provides step-by-step guidelines to the coffee-roasting process. The new edition also features: -A much expanded resources section for green beans and home-roasting equipment -The best techniques for storing green coffee beans -The new home roasters: how to evaluate and use them -Tips on perfecting a roast -Information on how to create your own blend. With over a dozen home-roasting machines newly on the market, and an ever-expanding number of stores and internet sites catering to the home coffee-roasting market, now more than ever Home Coffee Roasting is the

essential book for every true coffee lover.
