The essential companion volume updating Penguin's most recent CD/DVD guide

This yearbook supplements The Penguin Guide to Compact Discs and DVDs, the largest and most comprehensive survey of classical music on digital audio and video discs ever published. Together, the two books cover thousands of recordings and films, offering candid evaluation of their relative artistic and technical merits, highlighting notable performances, and pinpointing best buys. This yearbook not only reviews the many hundreds of CDs that have appeared since the publication of the main guide in 2005, but it also takes a close look at some of the more unusual areas of the classical music repertoire and includes an extensive section on instrumental concerts and recitals. Designed to help select the very best classical music and video discs available to date, The Penguin Guide to Compact Discs and DVDs Yearbook is an invaluable resource for any classical music lover.
