Sandler, Dare and Holder's classic overview of what goes on in the practice of psychoanalysis.

This is a completely revised and enlarged edition of the well-known classic by Sandler, Dare & Holder. In the twenty years since the previous edition was published much progress has been made in regard to the clinical concept of psychoanalysis, and this new edition brings the subject completely up to date. New knowledge of the psychoanalytic process has been added, together with advances in understanding the clinical situation, the treatment alliance, transference, countertransference, resistance, the negative therapeutic reaction, acting out, interpretations and other interventions, insight, and working through. The book is both a readable introduction to the subject and an authorities work of reference. This updated edition has been prepared by Joseph Sandler and Anna Ursula Dreher.

Joseph Sandler qualified as a psychoanalyst in the British Psychoanalytical Society. He was the Freud Memorial Professor of Psychoanalysis in the University of London and Director of the Psychoanalysis Unit at University College London, and in private practice in London. He was formerly the first Sigmund Freud Professor of Psychoanalysis at the Hebrew University of Jerusalem, Editor of the International Journal of Psychoanalysis and the International Review of Psychoanalysis, and was President of the International Psychoanalytical Association.

Anna Ursula Dreher trained as a psychoanalyst in the German Psychoanalytic Association. After working at the Social Psychological Research Centre of the University of Saarbrücken, she spent six years at the Sigmund Freud Institute, Frankfurt, and was involved in research on psychoanalytic concepts. She is now in private practice in Frankfurt, and lectures in psychoanalysis and psychology at the universities of Hanover and Giessen.

Christopher Dare received his psychoanalytic training in London, and for twenty years combined private practice in psychoanalysis with a Consultant post in Child and Adolescent Psychiatry at the Bethlem and Maudsley Hospitals, London. Recently he has moved to an academic position at the Institute of Psychiatry, University of London, developing research into psychotherapy.

Alex Holder trained in London at the Anna Freud Center and the British Psychoanalytical Society. He is a member of the German Psychoanalytical Association and heads the Department for Analytic Child and Adolescent Psychotherapy at the Michael Balint Institute in Hamburg. He is also the Editor of the Bulletin of the European Psychoanalytical Federation.

书评

一本200来页的书，据译者说，3个人翻译了3年，很无语....
这么经典的书，翻译成这样，英文好点的，推荐看原版。
还是说内容吧，这本书直指精分要旨，模糊之处，非常值得精读，跟精神分析治疗指南

有一拼

一開始讀這本書感覺就有點不容易懂，後來慢慢看，發現書本身是一本解釋精神分析中關鍵詞的著作，例如移情、阻抗等
書裏面會出現大量的人名，經常是一個概念提出來，後面跟很多很多人名。
如果想要學習精神分析的基本理論或者操作技巧、以及看案例的話，這本書不值得推薦。
不過...

本来是一本精神分析师的指导书，但我据此整理出面对自我“心灵成长”学员的课程纲要，首先，我自己思路更清晰了。再者，学员们也受益了！
1.潜意识向意识转变的过程体验； 2.增强自我及自主性的过程体验；
3.自体分裂的各个方面重新建立、联结的过程体验； ...

翻译很拗，几乎每个章节都得读上3遍才知道说什么，不过，也可能与案例积累不够，难以理会一些文段的深意有关。如译者序所说，此书需要反复琢磨，反复看。要是能买到原版就更好了。
