isbn:9780495014218

Written by Mark Erickson, Shawn O. Farrell, and Courtney A. Farrell, the Student Solutions Manual is a comprehensive guide to working the solutions to the odd-numbered end-of-chapter problems in the text. The best way for students to learn and understand the concepts is to work multiple, relevant problems on a daily basis. The Student Solutions Manual provides instant feedback to students by not only giving the answers but also giving detailed explanations.
