GroupWise allows corporate users to manage documents, share calendars, and control project workflow across network operating systems, including Novell NetWare, Windows NT, and Windows 2000.</P>

Novell's GroupWise 6.5 User's Handbook helps users use the features of GroupWise 6.5 to manage e-mail, schedules, and workload. It introduces and provides step-by-step instructions to the new features in this version.</P>

Changes in version 6.5 include improvements to the user interface and to integration tools for third-party developers. The software allows employees to access business information via a Web browser on a desktop or a laptop PC, and from wireless handhelds like Research In Motion's BlackBerry devices.</P>
