装帧:Hardcover

isbn:9780312290221

In his wide-ranging investigation, Max Wallace goes further than any other historian to expose how Henry Ford and Charles Lindbergh posed a serious threat to democracy in the U.S. and abroad. Wallace reveals how these so-called heroes abused their power to launch crusades that played a crucial role in bringing about Hitler's rise to power and undermined the Allied war effort. Based on thousands of previously undiscovered documents, including shocking FBI and military intelligence files, The American Axis presents not only a mesmerizing narrative, but a compelling historical exposé.
