The Grimm brothers' fairy tales have long fascinated readers with their violence and frank sexuality. Three of Britain's most important novelists, Iris Murdoch, Margaret Drabble, and A. S. Byatt, have shared this fascination. Their fiction explores the darker themes of fairy tales-bestiality, cannibalism, and incest-and finds within them reasons to be optimistic about our fractured modern world.

作者介绍:

Lisa M. Fiander is Lecturer in English at the University of Alberta, where she received her Ph.D. in contemporary British fiction. Her work on fairy tales has appeared in the Journal of the Association for the Study of Australian Literature, and she has presented papers on the topic at conferences around the globe.
