著者:Merriam-Webster (EDT)

出版者:2004-01-01 (2004年1月1日)

出版时间:2000-12

装帧:精装

isbn:9781892859167

An invaluable, easy-to-use resource for those who require or prefer large print, this dictionary includes the core of the American English vocabulary and offers many of the same key features that make Merriam-Webster dictionaries best-sellers. Developed in conjunction with the National Association for the Visually Handicapped, the book is thorough in its content, readable, and conveniently sized.

This dictionary, created in cooperation with the editors of Merriam-Webster and endorsed by the National Association for Visually Handicapped, is a reasonably priced choice for libraries that want to offer their dictionary users a large-print alternative.

This reference was designed with large, clear type approved by the National Association for Visually Handicapped. The 40,000 entries provide definitions and pronunciations for the words that comprise essential vocabulary. The introduction explains the organization of the volume (entries, homographs, inflected forms, self-explanatory words, functional labels, guide words, abbreviations, and pronunciation symbols). Does not offer synonyms and antonyms.

Merriam-Webster has been creating America's best-known dictionaries to the highest standards of quality and reliability for more than 150 years. The distinguished editorial staff is committed to innovation and scholarship in an ever-growing list of dictionaries and other language reference books and electronic media.
