007系列电影第七部《金刚钻》的英文原版小说，再现James Bond的睿智与英勇！

Book Description

James Bond is on one of his toughest assignments: to infiltrate a diamond-smuggling pipeline that stretches from South Africa to America. The woman he's using to do it - Tiffany Case, a cool, devil-may-care blonde - could lead him into even more trouble. As Bond follows the gem trail to Las Vegas, he realizes he's in far too deep, mixed up with a terrifying gang of US mobsters who'll kill anyone that gets in their way. And, with the sadistic hitmen Wint and Kidd on his tail, Bond's only chance of escape comes in the alluring shape of Tiffany herself.
