装帧:Paperback

isbn:9781413303957

Excellent for anyone searching for information in a real or virtual law library (including paralegals, law students, legal assistants and journalists), Legal Research outlines a systematic method to find answers and get results.

In plain, readable English, Attorneys Elias and Levinkind explain, with plenty of examples and instructions, how to:

- \*read and understand statutes, regulations and cases
- \*evaluate cases for their value as precedent
- \*use all the basic tools of legal research
- \*practice what you've learned with "hands-on, feet-in" library exercises, as well as hypothetical research problems and solutions

This easy-to-use and understand book, now in its 13th edition, has been adopted as a text in many law schools and paralegal programs.
