Fully authorized by Jim Lee, this 256-page hardcover book is lavishly illustrated with hundreds of pieces of Lee artwork from his entire career at Marvel Comics, Image

Comics, WildStorm Productions and DC Comics along with a dazzling assortment of unpublished art from his personal collection. Learn how he first started to work at Marvel and follow his career through his smash success on Batman and Superman. Behold a gigantic art gallery of Lee's greatest works, from X-Men to Batman and more as Lee unveils a tremendous collection of unfinished/unpublished art along with a sketchbook of seminal design work. Get a complete illustrated checklist of every piece of Jim Lee comic art ever published from 1987 to 2004, including hard-to-find items. Learn the background behind the move to DC Comics and get Lee's behind-the-scenes commentary on his historic Batman: Hush comic book series.

Top it all off with an amazing cover featuring Batman with Wolverine and you have the ultimate official Jim Lee event that only the editors of Wizard: The Comics Magazine could publish!
