Paging through this rich treasury of books will bring back the carefree days of yesteryear. Remember reading under the elm tree during lazy summer days or reading under the covers with a flashlight when the story shouted to be finished? Remember

how you longed to read the next installment? Additional material has been added to this new encyclopedia of beloved girl's series books by John Axe, including Nancy Drew®, Judy Bolton, Cherry Ames, Beverly Gray, Kay Tracey, Penny Parker, Vicki Barr, The Dana Girls, and others all of which supplement the author's previous book, The Secret of Collecting Girls' Series Books. All of the titles in these great adventure and mystery series have been brought together in one comprehensive volume. Each different cover or different printing is identified, dated and valued. ALL ABOUT COLLECTING GIRLS' SERIES BOOKS is well researched and documented to identify rarities or to inform you which book from your youth you need to locate and buy. This book guides collectors through ALL of the different editions and printings of the most popular girls' series books. 377 color photos.
