The U.S.S. Enterprise™ has encountered many strange beings and situations but none has chilled them to the bone more than death. Someone aboard the starship has killed Captain Kirk -- or so it seems. While the Captain recovers, it falls to his loyal crew to uncover the facts behind the case and learn whether one of their own is a cold-blooded killer

The investigation is hampered by the unwanted arrival of the Klingons and an ill telepath who sends the entire crew on a journey through Dante's inferno. And then, just when everything is starting to calm down, Finnegan, Kirk's nemesis from his Academy days, arrives to take charge of the mystery.

Murder, mayhem, a wedding, and loads of action mark this graphic collection of stories featuring the Star Trek® debut of acclaimed author Peter David.
