Charlie Ravitch is driven by power. As an international corporate tycoon he's well-skilled in the art of the deal. As a former Vietnam POW he still carries the scars of war. As a husband and father on the hard side of fifty he's on a quest for immortality-and for a woman who can make every dream come true. No matter what it costs. Christina Welles is driven by greed. As a prison parolee, she's a veteran of dangerous-and seductive-relationships, a cunning woman well-schooled in the art of manipulation. Her bid to stay alive on the streets means outrunning her past, and escaping a lie that threatens every life she touches. No matter what it takes.In a moment of chance, two lives are about to intersect. In a nightmarish twist of fate, two obsessions are about to be indulged. And in a world where anything goes, one false move can destroy them both....AUTHORBIO: COLIN HARRISON is the deputy editor of Harper's Magazine and the author of Break and Enter, Bodies Electric, and Manhattan Nocturne. He and his wife, Kathryn Harrison, live in Brooklyn.
