"An exciting adventure into a 'what if' world. A brilliant work of creative imagination, one that rivals in conception, scope, and execution of plot Jean Auel's bestselling novels."

?The Nashville Banner

Sixty-five million years ago, a disastrous cataclysm eliminated three quarters of all life on Earth. Overnight, the age of dinosaurs ended. The age of mammals had begun.

But what if history had happened differently? What if the reptiles had survived to evolve intelligent life?

In *West of Eden*, bestselling author Harry Harrison has created a rich, dramatic saga of a world where the descendants of the dinosaurs struggled with a clan of humans in a battle for survival.

Here is the story of Kerrick, a young hunter who grows to manhood among the

dinosaurs, escaping at last to rejoin his own kind. His knowledge of their strange customs makes him the humans' leader . . . and the dinosaurs' greatest enemy. Rivalling Frank Herbert's Dune in the majesty of its scope and conception, West of Eden is a monumental epic of love and savagery, bravery and hope.

如果当时恐龙的“科技”是向着工业发展的，人类还有没有机会？

感觉跟《迟暮鸟语》颇有些共同点，探讨生命，探讨文明。
