著者:Gordon S. Wood

出版者:Penguin Books

出版时间:2005-5-31

装帧:Paperback

isbn:9780143035282

From the most respected chronicler of the early days of the Republic—and winner of both the Pulitzer and Bancroft prizes—comes a landmark work that rescues Benjamin Franklin from a mythology that has blinded generations of Americans to the man he really was and makes sense of aspects of his life and career that would have otherwise remained mysterious. In place of the genial polymath, self-improver, and quintessential American, Gordon S. Wood reveals a figure much more ambiguous and complex—and much more interesting. Charting the passage of Franklin's life and reputation from relative popular indifference (his death, while the occasion for mass mourning in France, was widely ignored in America) to posthumous glory, *The Americanization of Benjamin Franklin* sheds invaluable light on the emergence of our country's idea of itself.

## 评论

其实只有200多页，难得这么短了，讲富兰克林如何从大英帝国忠实拥护者到革命党的转变最为精彩。

-----  
讲述了benjamin franklin不为人知的另一面
