出版时间:2006-05-01

装帧:Paperback

isbn:9780971573604

The Log Construction Manual tells you what you need to know to build your own handcrafted log home shell. This is a comprehensive and thorough guide to how to scribe-fit logs to each other, cut notches, and build roof support systems of large,

round, naturally-shaped logs.

The Log Construction Manual is packed with information that is available nowhere else &#151; including the Log Selection Rules, Chambers' brilliant and simple method for choosing which log to use next; detailed instructions for building handcrafted log roof trusses; step-by-step directions for laying out sill logs for any design or floor plan; how to cut state-of-the-art compression-fit saddle notches; methods to keep notches and grooves tight over time; allowing for settling and shrinkage of log walls; scribing tips that pro's use; and much more.
