It is not widely known that the germ of Wollstonecraft's great work came out of an earlier and much shorter piece: her Vindication of the Rights of Man, written in the context of the issues raised by the French Revolution. This edition, which as with other Broadview Literary Texts includes a range of materials that help the reader to see the work in the context of its era, opens with Wollstonecraft's 'other vindication,' includes as appendices a variety of other documents that together make this the finest available edition for teaching purposes, and is currently being used in Columbia University's core curriculum for Humanities Students.

Intro的背景介绍很清楚 很惊讶女性的部分有一半并不只针对女性 比如反对盲从家长 反对等级继承造成的闲散 另外对公立基础教育和儿童发展有很多并不过时的看法 比如男女合校（高等教育也适用） 不同阶级合校并穿校服 重视户外运动 重视思维培养而非强记 等等
