Welcome to the bright red bouncing-ball world of Cindique Sanders-Lassiter in this slick, sleak, sexy tale from the undisputed master of literary erotica, Preston L. Allen.

Cindique is in love with Roderick Redd, the cutest phone pro at McDarc Inc., but can she save him from the clutches of their boss, Groan of Dark? In the meantime, Cindique herself is being pursued by the violent wildman with the pretty, pretty shoes, who still holds the key to her apartment and her heart.

Bounce is rejection and reversal. Bounce is making love to words. Bounce is the one who'll always be there for you. Bounce is the day he fails to show up. Bounce is the ball, which like our heart, is made of rubber so we scarcely feel it when we hit the wall over and over again.
