Sometimes it's hard to tell Matthias Herrmann and his cock apart. He's so cock-like, pert and amusing. And his cock acts just like a silly guy in a hotel room. The two of them seem to have a wonderful time together. It's rare to see such shamelessness. What an instructive performance!

- Lawrence Rinder

Entirely comprised of full page colour photos. Essay by Lawrence Rinder, Curator, Whitney Museum of American Art. This is a sequel to Art Metropole's previous Matthias Herrmann publication Hotel, 2000.
