装帧:Paperback

isbn:9780804837453

Expanding on the language learning skills presented in the first volume, English Made Easy: Volume Two continues in the same tradition, imaginatively using pictures and text to create understanding among English learners. Consisting of 20 units arranged in

groups of five, the first four units present language and provide multiple practice opportunities, while the fifth unit in each group has revision exercises to reinforce the earlier learning. The first page of each unit has a list of all the words and phrases to be learned in that unit, together with a pronunciation guide.
