著者:Peter Howard

出版者:Ellipsis London PressLtd

出版时间:1999

装帧:Paperback

isbn:9781899858477

This detailed guide to Oxford's most celebrated buildings is written in an engaging style.

The book highlights how the collegiate courtyard concept influenced Britain's architecture for more than four centuries, driven by powerful patrons and brilliant architects such as Christopher Wren, Nicholas Hawksmoor, and George Gilbert Scott. Oxford's history of mixing the present and the past promises new and exciting architecture.

作者介绍:

Howard is an achitect based in Oxford.

Webster teaches architecture at Oxford Brookes University.
