Kaya Sahin's book offers a revisionist reading of Ottoman history during the reign of Süleyman the Magnificent (1520-1566). By examining the life and works of a bureaucrat, Celalzade Mustafa, Sahin argues that the empire was built as part of the Eurasian momentum of empire building and demonstrates the imperial vision of sixteenth-century Ottomans. This unique study shows that, in contrast with many Eurocentric views, the Ottomans were active players in European politics, with an imperial culture in direct competition with that of the Habsburgs and the Safavids. Indeed, this book explains Ottoman empire building with reference to the larger Eurasian context, from Tudor England to Mughal India, contextualizing such issues as state formation, imperial policy and empire building in the period more generally. Sahin's work also devotes significant attention to the often-ignored religious dimension of the Ottoman-Safavid struggle, showing how the rivalry redefined Sunni and Shiite Islam, laying the foundations for today's religious tensions.

评论

难得的一部较新的中央视角政治史，以 Mustafa Celalzade 的生平和历史写作为线索讲了苏莱曼时代，总体叙事方式还是看着很顺畅的。后半部分话术过多，沉迷于把奥斯曼放在早期近代框架下找共时性。
