Book Description

While cleaning out the spare bedroom at Whisperwood in preparation for the expected baby, Samantha and Tor come across their wedding album, stored away since their return from Ireland several years before. They settle down to relive the events that led up to their day, and we slip back twelve years in time.

When Samantha and Tor decide to marry, Samantha starts planning the most glorious wedding Kentucky has ever see. But as the date nears, disaster follows disaster, forcing the plans aside. A barn fire at Whisperwood, Tor’ s family’ s farm; a nasty wreck on the track that puts Ashleigh in the hospital; Samantha is starting to think that she and Tor aren’ t supposed to get married. Finally it looks like things are going right, but just a few days before the wedding, she and Tor find a horse in need of rescuing, and they spend the money set aside for the wedding and their honeymoon to save the animal. Samantha accepts the fact that there isn’ t going to be any fabulous ceremony, until Ashleigh steps in and offers Whitebrook for the wedding. In the end, Tor and Samantha have their wedding on horseback at Whitebrook, with all the special touches to make it the most wonderful day of Samantha’ s life.
