isbn:9780823250943

Originally written for an exhibition Jean-Luc Nancy curated at the Museum of Fine Arts in Lyon in 2007, this book addresses the medium of drawing in light of the question of form--of form in its formation, as a formative force, as a birth to form. In this sense, drawing opens less toward its achievement, intention, and accomplishment than toward a finality without end and the infinite renewal of ends, toward lines of sense marked by tracings, suspensions, and permanent interruptions. Recalling that drawing and design were once used interchangeably, Nancy notes that drawing designates a design that remains without project, plan, or intention. His argument offers a way of rethinking a number of historical terms (sketch, draft, outline, plan, mark, notation), which includes rethinking drawing in its graphic, filmic, choreographic, poetic, melodic, and rhythmic sense. If drawing is not reducible to any form of closure, it never resolves a tension specific to drawing but allows the pleasure of drawing to come into appearance, which is also the pleasure in drawing, the gesture of a desire that remains in excess of all knowledge. Situating drawing in these terms, Nancy engages a number of texts in which Freud addresses the force of desire in the rapport between aesthetic and sexual pleasure, texts that also turn around the same questions concerning form in its formation, form as a formative force. Between the sections of the text, Nancy has placed a series of "sketchbooks" on drawing, composed of a broad range of quotations on art from different writers, artists, or philosophers.

评论

这本书对诗人也很重要。南希所谈的drawing，其实也可以理解为诗歌的创作过程，个

体的思感如何通过语言获得它的形式。我对汉译“素描”是否可以对应传达drawing的意思一直有严重怀疑。豆瓣阅读手机版一定半脑脑死亡，主页找不到搜书栏，快怒骂时才在动态页发现。
