Kate Burns has heard of the magic of Ferris Beach all her life. Kate needs to believe in a little wonder. Shy and self-conscious, she lives with her distant, demanding mother and eccentric father.

Then Misty moves to town, from Ferris Beach, no less. She is everything Kate wants to be: daring, outrageous, and fun. The two girls grow up together, sharing secrets about everything--until one fateful Fourth of July when their lives change forever. . . .

"One of the best in the new generation of Southern writers . . . McCorkle hits all the right notes."

--Atlanta Journal & Constitution
