With *Glamorous Beaded Jewelry*, beaders can create 25 fun and sophisticated pieces from chandelier earrings, to chunky bracelets, to knotted-and-bejeweled chokers. The stunning projects are inspired by the designer jewelry seen in upscale boutiques and the runways of today's fashion houses. Featured pieces are deceptively simple and inexpensive to make, with clear step-by-step instructions and photographs that give beginners new skills and intermediate beaders new approaches to their craft. A helpful

Sources & Resources section ensures that the featured materials are close at hand so that the adage, Make it today. Wear it tonight! comes true.
