ensemble interaction; introduce five approaches to improvisation; heighten listening skills; stimulate new brainstyles; develop innovative scores; incorporate rotational seating; implement motivational ideas; present playing healthy techniques; and more! "If you're a music educator struggling to maintain your students' interest, this book is right up your alley. Presenting alternatives to the mainstream approaches to teaching music, Lieberman gives us a host of techniques, games and approaches that will horrify your stuffy music theory teacher. But get this: kids might actually enjoy them!" - Jazz Times
