Love/Relationships/Practical Wisdom

In this book Ramtha questions, what is love really about? Is it real or is it merely an illusion of our wildest dreams? What is it that makes us fall in love with another person? What can we expect from our relationships? What is there to learn about who we really are?

This book is about exploring these questions and about finding the secret to the paradox of love and discovering something we had missed all along about ourselves. It is a book that allows us to see ourselves reflected in a mirror, vulnerable, under the eye of truth and blatant honesty, wounded by our own hand and lack of knowledge.

After almost two decades since the publication of "Love Yourself into Life," Ramtha reintroduces us with unmatched simplicity and genius to that mysterious subject at the heart of all human longing, that elixir called love.
