Olivia Lowell always believed her father's claim that her mother died in childbirth, until the shocking day a lawyer informs her that her mother has just passed away, leaving her a fortune. The money comes with a caveat - and a confession. In her will, Olivia's mother reveals that she and two college friends committed a crime long ago, and now she wants Olivia to track down her accomplices and convince them to come clean. Feeling betrayed and unsure that she even wants her mother's tainted money, Olivia must decide if she can handle the secrets of the past. But with the help and affections of a handsome young lawyer, and the sweet companionship of her beloved Yorkies, Olivia will come to understand who her mother really was, and who she, herself, was meant to be...
