评论

it got increasingly self-indulgent and just plain rambling towards the later parts, but

overall, it offers an interesting look at atypical depression from the inside, and (for me) a mirror to examine one's own.

书评

This book, Prozac Nation, is not like what critics have said, a good read. At least not to me. I spent around a month working on this book, and most of the time, it is only the desire to finish it that kept me reading. It is not that Wurtzel is not good at ...
